

Ma'ayan Armony

London, SE5

maayan.armony@kcl.ac.uk

Objective

I am a PhD student in Computer Science at King's College London. Highly motivated, dependable and loyal team member and leader. A keen learner and a hard worker with a broad vision. Loves challenges, and can adapt quickly to different situations, settings, and requirements. Interested in being a part of a challenging, motivating and inspiring environment.

Skills

- **Computer literacy:** programming languages (e.g. Python, Java, Scala), operating systems (Linux, Windows), Machine Learning, Robotics (Robotic systems and Microcontrollers, with ROS and ROS2), mobile apps (Android with Kotlin).
- **Tools:** Git, development environments (e.g. Conda, Docker, Apptainer), LLMs (Proprietary APIs and HuggingFace).
- **Languages:** Fluent - English, Hebrew; Intermediate - French; Basic - Polish.
- **Miscellaneous:** Problem-solving, organisation skills, and multitasking.
